MANISHA SHARMA

UX & UI Designer | XR Designer | UX Writer & Content Strategist

Immediately Available to Join, Currently in Dubai

Botim/WhatsApp: +971 506535907 **Email:** maonishasharma@gmail.com **LinkedIn** **Portfolio**

PROFESSIONAL SUMMARY

Product-minded UX/UI & XR Designer with **3+ years** of experience designing data-informed, end-to-end web, mobile, and immersive (AR/VR) experiences for SaaS, e-commerce, and real estate clients. Also works as a **UX Writer / Content Designer**, writing microcopy, product content, and voice & tone guidelines that pair naturally with the interfaces she designs, well suited to UX Writer & Content Strategist, Product Content Designer, and Content Specialist roles. Skilled in translating business and user requirements into intuitive, high-fidelity interfaces backed by user research, usability testing, structured QA, and **Conversion Rate Optimization (CRO)**. Hands-on expertise in Figma (Variables, Auto Layout, Dev Mode, Figma Make), token-based design systems, wireframing, and prototyping, plus **vibe coding** and AI-assisted prototyping to turn static mockups into working, click-through builds. Proven track record building and scaling **200+ component** design systems, lifting conversion and usability through structured A/B testing, funnel analysis, and heuristic evaluation, while collaborating closely with product, content, engineering, and growth teams in Agile/Scrum environments. Comfortable working independently with distributed, international teams to ship accessible (WCAG 2.1/2.2), responsive, growth-driven products.

KEY ACHIEVEMENTS

- Built and maintained a **200+ component** design system on Figma Variables and token-based theming, adopted across all client projects to improve UI consistency and streamline Dev Mode handoff.
- Delivered **70+ live projects** and **120+ shipped screens** across web, mobile, and XR platforms.
- Drove a **CRO** initiative that lifted checkout and onboarding conversion rate (CVR), cutting flow drop-off from **60% to 35%** (a ~1.7x lift in completion) through journey mapping, funnel analysis, and structured A/B testing.
- Used behavioral data, heatmaps, and session insights to identify friction points and prioritize a high-impact experiment backlog across client funnels.
- **Vibe-coded** working, click-through prototypes with AI tools (Figma Make, Lovable, Cursor, OpenCode) in place of static mockups, speeding up stakeholder buy-in and cutting design-to-dev handoff time.
- Authored and refined **UX copy, microcopy, and error messaging** across 70+ shipped screens, aligning voice & tone with brand guidelines and improving task clarity.
- Led structured QA/UAT and cross-browser, cross-device testing across web, mobile, and XR builds prior to release, catching and resolving usability and functional issues pre-launch.
- Recognised as **Employee of the Month three times** for execution quality and client satisfaction.
- Built repeat client relationships and referral business through consistent, conversion-focused design delivery.

PROFESSIONAL EXPERIENCE

UI & UX Designer at *Technoid Infusion Agency Pvt Ltd.* **Sept 2024 – Sept 2026**

- Owned end-to-end design process, including user flows, wireframes, high-fidelity UI, and design tokens/variables, for web, mobile, and XR products across SaaS, e-commerce, and real estate.
- Built and evolved a scalable design system in Figma (Variables, Auto Layout, Dev Mode), ensuring UI consistency and significantly reducing developer handoff time.
- Applied CRO methodology, including funnel analysis, heatmaps, and behavioral data, to pinpoint drop-off points and inform the experiment backlog in collaboration with growth and engineering teams.
- Used vibe coding and AI-assisted prototyping (Figma Make, Lovable, Cursor, OpenCode) to turn key flows into working, interactive prototypes, letting clients and stakeholders test real product feel before development began.
- Deployed vibe-coded prototypes to Vercel with version control on GitHub, giving clients and stakeholders a live, shareable link to test flows before development began.
- Wrote and iterated UX copy, microcopy, and empty-state/error messaging for onboarding and checkout flows, developing voice & tone guidelines used consistently across the design system.
- Performed structured QA, UAT, and cross-browser/cross-device testing on high-fidelity builds ahead of release, logging and resolving defects with the development team.

- Collaborated closely with product managers, developers, and clients in an Agile/Scrum team, owning design handoff, Dev Mode annotations, and pixel-accurate builds.
- Conducted moderated and unmoderated usability testing using heuristic evaluation, translating findings into stakeholder-approved design fixes.
- Improved checkout and onboarding CVR through journey mapping and structured A/B testing, with results delivered within a single sprint cycle.
- Audited critical user flows for WCAG 2.1/2.2 accessibility compliance, including color contrast, screen reader support, and ARIA labeling.

UI & UX Designer at *Freelance* **2023 – Aug 2024**

- Delivered complete end-to-end UI systems for e-commerce and retail clients, from user research through CRO-informed iteration and final developer handoff.
- Led full discovery process, including personas, journey mapping, wireframing, and funnel analysis, grounding every design decision in real user needs and conversion data.
- Delivered mobile-first, **WCAG 2.1 AA**-compliant responsive designs across web and mobile platforms.
- Ran structured A/B tests and landing-page/CTA experiments to lift click-through and checkout conversion for client funnels.
- Vibe-coded quick, functional demo builds for client pitches using AI prototyping tools, helping close projects faster with a tangible, clickable product feel.
- Ghostwrote and edited product content, landing-page copy, and microcopy for e-commerce and retail clients, keeping messaging consistent with brand voice and conversion goals.
- Tested responsive builds across browsers and devices before handoff, ensuring consistent behavior and content clarity on every screen size.
- Earned repeat business and referrals from clients, validating consistency of design quality.

CORE SKILLS

UX & UI Design: UI/UX Design · Product Design · Design Systems · Design Tokens/Variables · Wireframing · Prototyping · Interaction Design · Information Architecture · User Flows · Responsive Design · Motion & Micro-interaction Design · Design Thinking

Research & CRO: User Research · Usability Testing (Moderated/Unmoderated) · Journey Mapping · Heuristic Evaluation · Conversion Rate Optimization (CRO) · A/B & Multivariate Testing · Funnel Analysis · Heatmap & Behavioral Analysis · Growth Design

Testing & QA: Usability Testing · UAT (User Acceptance Testing) · Cross-Browser & Cross-Device Testing · Regression Testing · Content/Message Testing · A/B Testing · QA Collaboration & Defect Tracking (Jira)

Content & UX Writing: UX Writing · Content Design · Content Strategy · Microcopy · Voice & Tone Guidelines · Style Guides · Error Messages & Empty States · Content Audits · Plain-Language Editing · Ghostwriting · Localization-aware Writing

AI & Vibe Coding: Vibe Coding · AI-Assisted Prototyping · Figma Make · Lovable · Cursor · OpenCode · Prompt-to-Prototype Workflows · ChatGPT/Claude for UX

Deployment & Version Control: Vercel (Deployment) · GitHub (Version Control) · Git

Accessibility: WCAG 2.1 / 2.2 AA · Inclusive Design · Color Contrast Audits · Screen Reader & ARIA Testing

Tools & Tech: Figma (Variables, Auto Layout, Dev Mode, Figma Make) · Framer · Miro · InVision · Storybook (handoff) · Google Analytics (GA4) · Hotjar · Jira · Notion · Agile/Scrum · Uizard · AR/VR Prototyping

CERTIFICATIONS & EDUCATION

Certificate Programme in Gen AI for Managers, Times Pro **10 Jan 2026**
Certificate Programme in Gen AI Fundamentals, Times Pro **23 Feb 2025**
Executive Programme in Virtual and Augmented Reality, IIT Delhi **Jan – Jul 2025**
UI/UX Design Certification, Dice Academy, New Delhi (On-site Training) **Jan – Aug 2024**
Google UX Design Professional Certificate, Coursera **Jun – Nov 2023**
Master of Arts in Political Science, IGNOU **2020 – 2022**
Bachelor of Arts, University of Delhi **2016 – 2019**
Higher Secondary Education, Kendriya Vidyalaya No. 1, Delhi Cantt **Pass out 2016**
